

# 7th Asia - Pacific Symposium on Radiochemistry 2021

September 19 (Sun) - 24 (Fri)  
Koriyama, Fukushima, Japan

Discuss any topics in radiochemistry in Fukushima

Koriyama City in Fukushima and Mt. Adatarara

Researchers from any countries are welcome

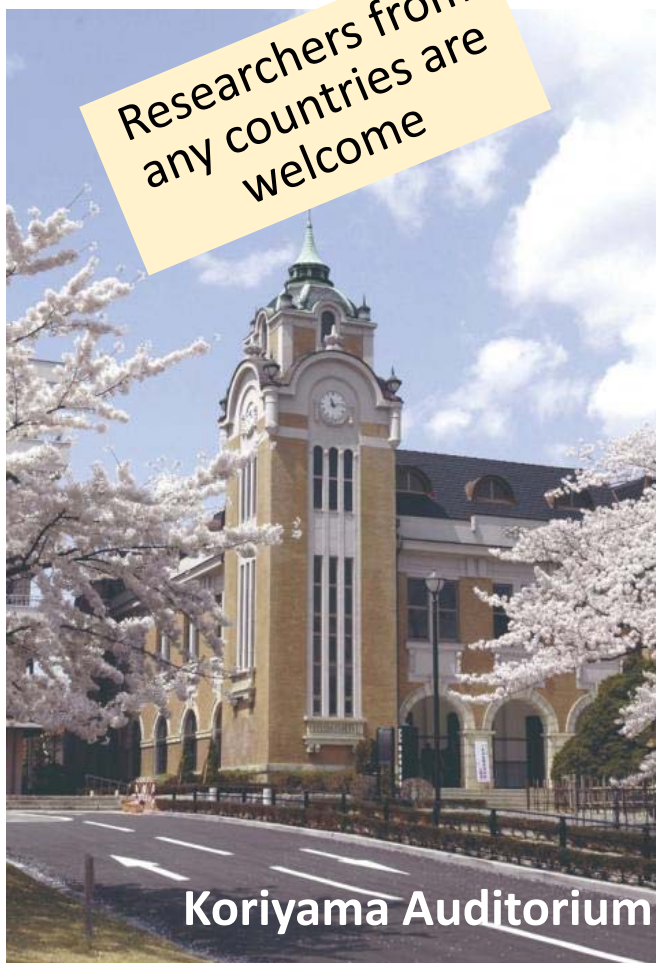

## Scope:

- 10 years from Fukushima NPP accident
- Nihonium (Nh) and trans-U elements
- Nuclear chemistry
- Radioanalytical Chemistry
- Actinide chemistry
- Nuclear probe in chemistry
- Activation analysis
- Nuclear forensics
- Radiopharmaceutical chemistry
- Environmental radiochemistry, and other related topics

## Site tour:

- Visit to Fukushima Dai-ichi Nuclear Power Station

Koriyama Auditorium
